This is one of our future leaders.

Our investment in her now, opens doors tomorrow to more than we can imagine - in her relationships, education, careers, and life.

**The SGO tax credit program is a fantastic way to invest in our future leaders.** The program supports scholarships for low-income students in a way that enables you to give more than you thought possible!

When you [give through the SGO program](#), you're not only supporting scholarships; you also receive a state **tax credit valued at 50% of your gift**. This means you can double or even triple your giving for a similar out-of-pocket cost.

The table below shows *example* tax savings.

*Please consult your tax advisor for implications on your giving and tax situation. This communication is for informational purposes only.*

Why give now?

Today, July 1st, the state released its next round of funds, making \$15 million in SGO credits available. Meanwhile, The Oaks is well into preparing for this coming school year, and we want any prospective family - no matter the means - to be able to receive an Oaks education this year.

### **Will you help?**

You can [give more than you thought possible](#), to make it possible for more kids to learn and grow as our future leaders.

Thank you for all that you do,

### **Nathan Hand**

P.S. You can join our [Partner Program](#) by giving through SGO too. All new Partner gifts are **matched** in 2019! So your \$8,125 (see table above) could leverage \$50,000 in student investment - a 6X return.
